Animoto Code to get \$5 off using the Animoto software

If you decided to use the Animoto full version you will need the 'All Area Pass', which is normally \$30 for a year. However, if you use this referral code: 'zklrsoeg' you will automatically get \$5 off the price of the Animoto full all area pass. This lets you use the Animoto software as often as you like, to make Animoto videos as long as you like. You also have the ability to download Animoto videos which means you can do a lot more with them. Why not download Animoto videos and then promote them on YouTube or email them to friends.

How Do I Refer People?

In the Animoto free account signup page, there is a link near the bottom that says, "Have you a code?", click it and a field will appear. That's where your referrees can type your code (use 'zklrsoeg' if you don't have one) to get 5 bucks off their pass & 3 months All-Access for you! Then the world of Animoto and the ability to download Animoto videos will be yours. So many awesome fans of Animoto videos have introduced themselves to the Animoto software... Animoto Software decided it's time to return the love. If a friend you refer signs up for an All-Access Pass, Animoto Software will give him/her \$5 off, and Animoto videos give you 3 months' worth of an All-Access Pass for FREE. (That's 3 entire months of being able to make an unlimited number of full-length videos... and to do Animoto downloads too!) Best of all, you don't even need to be an Animoto Full All-Access Pass holder to get the free 3 months. Even non-All-Access Pass holders can earn their free 3 months. If you already have an All-Access Pass, Animoto videos just add on 3 months to your account. Sign up more friends and the months will just keep adding up! You may never have to pay for All-Access use again. Seriously! Of course you can download Animoto videos anytime you like.

Animoto download is only possible if you have an All Area Pass, which may mean you have a free Animoto download facility forever!

It's Easy To Get Started

You're already set to start receiving credit as a referrer! No need to go through a whole extra process to get registered. It's simple: have your friend enter the email address you use at Animoto or your personal "Referrer Code" in the Referred by field on the sign-up form. The advantage of the personal "Referrer Code" is you don't have to give out your email address. Animoto videos have one for you right here: zklrsoeg.

Who Can Participate?

Any Animoto videos user can participate. No need to apply. In fact, if you have an Animoto videos account your referral code is waiting for you in the Animoto Software page. The All Area Pass is really the way to go though as this gives you the ability to download Animoto videos.
